

NJHS JANUARY NEWSLETTER

-UPCOMING NJHS
MEETINGS-
-FEBRUARY 6TH
-MARCH 6TH

This month we focused on three more NJHS members; all who are in the eighth grade. Our first member is Ryan Sulka. Ryan joined NJHS because he wanted to have a chance to help other people. His favorite thing to do is to spend time with his dad and mom. One interesting thing about him is that he always tries his best at anything he does. Our second member is Ela Rybak. Ela's reason for joining NJHS is because she wanted to serve other people; and her community. Also, she wants to improve her leadership skills. Her favorite thing to do is to hang out with family and friends. She also likes to swim. An interesting fact about her is that she loves to act and sing. She also loves participating in sports. Our final member is Julia Godinez. Julia chose to join NJHS because she really likes to help other people. Also, she wants to give something back to the community. Her favorite thing to do is to spend time with family and friends. Reading is something she also enjoys. An interesting fact about her is that she has played the ukulele for three years. We have an amazing group of members

In December, the NJHS decided to put up Christmas paper ornaments on each classroom door. There were three kinds of paper ornaments: candy canes, snowmen, and a normal kind of round ornament. All NJHS members helped out. Some members cut, others wrote the names of each student on the paper ornament. After everyone was done cutting and putting names on the ornaments, we taped the ornaments on each classroom door. Some people even decided to make cool designs with the paper ornaments like a heart and a snowflake. There were specific ornaments for each grade. For the middle school students, they received the snowmen. The primary grades got the candy canes and the elementary grades received the normal paper ornament. Everyone who received the ornaments were smiling all day. It was a great activity to do! We hope we spread Christmas cheer!
