

St. John Eudes National Junior Honor Society

-Upcoming NJHS meetings-
-January 9th
-February 6th
-March 6th

On Sunday, December 4th, the NJHS members participated in an event called the Veteran's Holiday Celebration. There were almost 4,000 veterans that came to the celebration. Each NJHS member was able to volunteer and do different jobs. Some of us were able to talk to the veterans and get to know them better. Others volunteered at the spirit table and the sign-in table. It was a fun and a joyful experience for everyone. There was even free food! When the event ended, everyone was sad to go home. But, it was a great experience, especially for our first time!

This month we focused on three more members of NJHS. One of those members is Olivia Erman. She joined NJHS because she wanted to have an opportunity to help people. Something she really likes are books. Also, some interesting facts about her are that she likes to sing and she likes to write stories, in her free time. The second member is Ashley Watrin. The reason she joined NJHS is because she wanted a chance to help people from different communities. Her favorite things are friends and family. Something interesting about her are that her favorite movies are Star Wars and Descendants. The last member we interviewed is Mikayla Macaranas. She joined NJHS because she wanted to experience things that she has never done before and she wanted to be a leader. Her favorite thing is music. We have an amazing group members!
